Subject: Re: PFAS in R5

Dimitri,

I am not the correct person for this request. I have just recently been assigned as the RCRA contact for the Wolverine project, however, beyond that I'm not a point person for PFAS. I would suggest you contact one of the PFAS team leaders, perhaps Kimberly Harris in the Water Division. If she is not the correct person, she may be able to point you in the right direction.

Sorry for the confusion but hopefully I've pointed you in the right direction,

Jennifer Dodds

Subject: PFAS in R5

Hi Jennifer,

I am working on compiling data on PFAS in the region. I was talking to Gary Victorine who mentioned I should talk to you about our goals in the region. It's my understanding that we want to have something ready to present by the end of the week so I am hoping you would be available for a quick meeting tomorrow. Let me know your availability, my calendar is up to date so if you want to go ahead a schedule a meeting that works for me.

Thanks,

Dimitri Acosta
